STUDENT STRESS

The deaths in Kota are not a new malaise, but only the latest symptom of a deeply diseased education and social system

✓ 10.10.23

COVER STORY

The tipping point

10/ The intense pressure faced by students, particularly those writing the JEE and NEET exams, has pushed them to the edge, as the recent deaths in Kota highlight. Expensive coaching centres have rushed in to fill the gaps left by an increasingly inadequate schooling system while commercialisation has left marginalised students grasping at straws.

LADAKH on edge

New Delhi's strategic concerns threaten to suck up all the oxygen in this borderland while pushing its people outside the frame

COVER STORY

A growing disenchantment
