Bhartiya Navik Sena Union Promotes Indian Seafarers on Global Stage in Singapore

Under the vision of Hon'ble Prime Minister Shri. Narendra Modi ji delegation from the Bhartiya Navik Sena Union, led by President Ravindra Baing, General Secretary Suresh Salaskar, Advisor Mihir Purohit, and Public Relations Officer Rajesh Kanojia, embarked on a significant mission to Singapore. Their objective was to promote and showcase the talents of Indian seafarers while strengthening ties with key maritime organizations in Singapore, including the Singapore Organization of Seaman and the Singapore Maritime Officers' Union (SMOU). This visit not only underscores the global significance of Indian seafarers but also highlights the commitment of the union to fostering international cooperation within the maritime industry.

The Bhartiya Navik Sena Union's primary mission during their visit to Singapore was to promote Indian seafarers and highlight the skills and expertise they bring to the maritime industry. Indian seafarers have long been known for their dedication, professionalism, and competence, and the union aimed to reinforce these qualities on the international stage.

One of the key highlights of the visit was the interaction with several shipping companies based in Singapore. The delegation from the Bhartiya Navik Sena Union engaged in discussions with top executives, human resource managers, and industry experts. These meetings provided a platform to showcase the strengths of Indian seafarers and discuss potential collaborations. It was a two-way exchange, with the union keen to understand the evolving demands of the global maritime sector while also presenting the capabilities of Indian seafarers.

The union emphasized the importance of fair treatment, equal opportunities, and a safe working environment for Indian seafarers employed by these companies. They also discussed the need for skill development programs to ensure that Indian seafarers remain at the forefront of the industry, especially in areas like automation and digitalization.

During their visit, the Bhartiya Navik Sena Union also met with the Singapore Organization of Seaman (SOS), a prominent association representing seafarers in Singapore.

TRACING DEMOCRACY

SANJAY AHLAWAT

A copper chariot, reportedly from the Harappan era, at the Sanauli excavation site in Baghpat, Uttar Pradesh

Ancient inscriptions and texts show that rudimentary forms of democracy existed in India: from an elaborate system of local self-governance in Tamil Nadu to the democratic traditions of the Namdharis, Bhils and northeastern tribes. Harappa, too, is cited as an example of early democratic institution. Does that make India the 'mother of democracy'?

- ★ What evidence tells us about ancient democracy: Upinder Singh, historian
- ★ If there is anything that is safe in India, it is democracy: Dr Raghuvendra Tanwar, chairman, Indian Council of Historical Research, Delhi
- ★ It will be myopic of India to use only 75 years of its experience: Shaurya Doval of India Foundation
