CAUGHT IN STOCK MARKET FRENZY

The ongoing bull run in the Indian markets is luring small-town investors to take risky bets. Disregarding the fundamentals of the companies, these investors are pursuing the fleeting 'froth', unaware that it will eventually dissipate, leaving them in a vulnerable financial situation.

28

COURSE CORRECTION

If last year was about small- and mid-cap companies, this year will be dominated by large caps, feels Sunil Koul, executive director for Asia Pacific portfolio strategy, global macro research at financial services company Goldman Sachs

54

RACING AHEAD OF THE GIANTS

New age start-ups such as Blinkit, Zepto and Instamart have surged ahead of behemoths like Amazon, Reliance and others in the quick-commerce segment. The giants aspire to catch up with these newcomers, but they will need to adapt and innovate their strategies to keep pace

66

DEEPPAKE PUSH TO PORN INDUSTRY

Thanks to its ability to generate convincing images and videos of people, deepfake technology is being used to create pornographic content, often featuring celebrities and women. Loopholes in existing regulations make it tough to nail the guilty

30

GAPS IN INDIA'S GROWTH STORY

India's robust GDP has surpassed all expectations. While the Centre celebrates the growth rate of 8.4% in the December quarter of 2024-25, there's a flaw in the 'all-is-well' narrative concerning the Indian economy

76

THE BUSINESS OF PLANTING TREES

Planting trees has become a trend among people and institutions looking to either give back to the planet, improve ESG compliance or simply gather carbon credits. Irrespective of the trigger, the trend is emerging as a business opportunity

92

THE JOY OF ADJUSTMENTS

Partha DeSarkar, executive director and CEO of Hinduja Global Solutions, is always ready to make adjustments on almost every front. He is also a student for life, never wanting to stop learning
